## NEIL STERLING — CHAIRMAN

---

As leader and founder of SRG Technology and the drive behind Blender™, Neil Sterling is the heart and soul of the company. But this is only his latest enterprise. His distinguished career in retail, business and public service has established him as a well-known and well-respected member of the South Florida community. For more than 15 years, Sterling ran a successful sales and marketing firm — Sterling Resources Group. Sterling’s business accomplishments are only rivaled by his commitment to community service. Sterling is most proud of his public service as a Broward County School Board Member; a Florida Ethics Commissioner; and the founding chair of the Broward Performing Arts Center Authority. Sterling’s penchant for solutions-oriented business development led him to create SRG Technology in 2007. SRG Technology began as a small idea, but under Sterling’s leadership, it has evolved into one of the most innovative software development companies in the country.
